ABOUT THIS ISSUE

This issue presents applied research on intelligent technologies and their practical impact: large language models for enterprise knowledge management, AI-enabled smart manufacturing, capital allocation and risk in critical energy infrastructure, hydrogen sulphide exposure around a petroleum refinery, plant-derived antibacterial compounds, and technology-supported English language teaching and learning.

ABOUT THE JOURNAL

JKLST is a peer-reviewed, open-access journal publishing original research, reviews, case reports, short communications, and other scholarly contributions across knowledge, learning, science, and technology.
